

WEAU Biosolids Training Announcement

Get ready for an exciting opportunity! The Biosolids Committee is thrilled to invite you to a special training and site tour focused on Sidestream Nutrient Removal. This event will take place at the Central Valley plant, where you'll get an exclusive look at their Sidestream Nitrogen and Sidestream Phosphorus removal process.

But that's not all—your training experience includes a delicious lunch! Don't miss out on this chance to learn, network and enjoy a great meal. Register online at [WEAU.org](https://weau.org/), and remember, payment is due at the time of registration. Mark your calendars—the registration deadline is August 10th, 2026. See you there!
