

WATER ENVIRONMENT ASSOCIATION OF UTAH

Preservation and Enhancement of the Water Environment

Dear Wastewater Professional:

You are invited to attend some valuable training. The WEAU Biosolids Committee is pleased to offer a **Plant Tour of the New Snyderville Basin (SBWRD) Silver Creek Water Reclamation Facility followed by Biosolids/Safety Training**. This training will include an in-depth tour of the new BNR plant followed by training at WesTech. Refreshments and a delicious lunch are included, as well as the opportunity to share experiences with your colleagues. Please take the time to complete the online registration form including payment or registration form and check made out to WEAU. Payment is due at the time you register. We look forward to seeing you there!
