

Dear Wastewater Professionals,

As you might be aware the Association of Boards of Certification (ABC) has generated entirely **NEW** tests! The PWO division of the WEAU invites you to attend some valuable training. We are pleased to announce a **two-day** certification exam review for wastewater treatment grades III and IV. This two-day workshop is designed for all personnel who are taking the **NEW** American Boards of Certification (ABC) wastewater operator exam grades III and IV. Lunch will be provided.

Dates: **November 5-6, 2019**
